| MIXTURE, 100 Bulbs | \$3.00 |
| 50 " | \$1.50 |
| 25 " | .75 |

For a display of flowers in the garden the Primulinus Hybrids are excellent. Planted closely in beds or borders they give a mass of bloom over a long season, as almost every bulb will send up two flower spikes and most of them three or more.

And for decorative use in baskets or vases their slender graceful stems and delicate coloring are unequalled.

Try a sample order of twenty-five or fifty at three cents each.
